

# Induction lamp

## Features

Special mushroom shape structure, luminous points focus, uniform light emission in 360 degree  
Spiral lamp base, easily to retrofit all kinds of compact lamps.  
Inside compact electronic ballast,  
Amalgam inside, less pollution, eco-friendly  
With special technology, power start faster, better stability  
Voltage: AC180-250V, 50Hz  
Frequency: 4.5MHz  
Power: 40W  
Lumen: 2600lm  
Lumen depreciation: <5% after 2000 Hours operation  
Life time of lamp: >60,000 hours  
Starting time: <0.5 seconds  
CRI > 80  
Color Temperature: 2700, 4000K and 6500 K  
E27 type socket  
Humidity level: 0-95%  
Operating temperature: minus 30°C to positive 50°C  
Automatic restart function  
Environmental benefits – low heat, CO<sub>2</sub> and mercury waste  
Comply with Safety standard EN60968 and EMC standard EN55015, EN61547, EN61000-3-2, EN61000-3-3  
CE, Standard  
RoHS compliant

## Applications

Warehouse, Mall, Shopping centre, Outdoor area to replace SON ball lamp

## Specifications

Voltage	Power	Lumen	Pupil lumen	Dimension	Life time
AC180-250V	40	2600lm	3900~4600lm	Dia90xH200mm	>60,000 hrs
