

LED MR16 spot light

Features

Taiwan LED COB chips

Aluminum body

Excellent heat disputation design

Lumen: 450lm, 540lm

Directly replace 35W or 50W halogen lamp

Socket: GU5.3

Voltage: DC 12V

Beam angle: 38 degree

Color temperature: 2700K, 3000K

CRI>80Ra

Life time: >30,000 hours

Operating temperature: -30°C ~+60°C

Environment friendly: No glass, no mercury, no electro magnet emission, no UV & IR radiation.

Comply to international standard EN61000-3-2,EN61000-3-3, EN55015 and EN61547

CE standard and RoHS

Applications

Club house, Shopping mall, Meeting rooms, Corridors, Banks, Residential area, Office, etc.,

Technical Specifications

Power	Voltage	Lumen	Color temp	Beam Angle	CRI	Lite time
