

LED Ceiling Lamp

Features

House with Aluminum base and opal PMMA diffuser

Voltage: AC220-240V 50Hz

Power: 12, 15W

Power factor: >0.9

Taiwan Epistar SMD LED chips

Luminaire efficacy: 100lm/W

Life time: 50,000 hours

Lumen maintenance at 70% >35,000 hours

Color rendering Index >80Ra

Beam angle: 120°

Color temperature : 2700K to 6500K

Operating temperature: -10°C~50°C

Dimension: Diameter300mm x Height 90mm

Comply with EN60598 safety and EMC standard EN61000-3-2, EN61000-3-3, EN61547 and EN55015

Pass LM80 test

CE and RoHS standard

Optional: Battery to support 2 hours emergency lighting

Applications

Corridors, Staircases, Lobbies, Residential areas, Club houses, etc.,

Specifications

Voltage	Power	Lumen	Color	CRI	Life time
