

LED circular tube

Features:

- Directly replace traditional circular fluorescent tube
- No need to remove existing ballast
- High quality plastic diffuser, transparent or frosted version
- Voltage: AC220-240V 50Hz
- Power factor: >0.9
- Socket: G10q type
- Power: 12W, 18W
- Lumen: 1200lm and 1800lm
- Life time: up to 50,000 hours
- Lumen maintenance at 70% >35,000 hours
- Color temperature: 3000K, 4000K, 6500K
- CRI: 80Ra
- Taiwan Epistar LED SMD chips
- Operation temperature: 0-50°C
- Diameter: 215mm or 300mm
- Comply with international safety and EMC standard
- CE standard

Applications:

Lift corridor, Staircase, Entrance Lobby, Mall, residential areas, etc.,

Specifications

Voltage	Power	Lumen	Color temp	CRI	PF	Life time	Dimension
AC 220V	12W	1200lm	3000-6500K	80Ra	0.9	>30000 hrs	30x215mm
AC220V	18W	1800lm	3000-6500	80Ra	0.9	>30000 hrs	30x300mm
